

ISOLA

This shower floor is made of a synthetic resin with a gelcoat. It has a matt slate finish which provides you with you a non-slip surface because of its texture. The Isola is available in 9 sizes with a natural slate stone look. All sizes are available in anthracite, grey and white.

Isola can be installed flush with the floor or layed on top. The subtle and especially cleverly integrated drain ensures that you have an efficient water drain. The necessary drain needs to be ordered separately.
