

NOVIK Z209

The shower cubicle consists of two outward-facing doors, each of which can have their own dimensions.

The Novik symmetrical shower cabins have a classic and at the same time modern appearance. The doors have an open handle and usually open outwards. The profiles are polished aluminium and the 6 mm thick glass is fitted with Riho Shield. Novik guarantees a good price/quality ratio. The cabins and walls are easy to install.

Hardened glass with Riho Shield

Parts are reversible

Thickness of the glass is 8 mm

CE approved, according to EN12150-1

The special seal profile position, the glass profile and the glass screen prevent splashing water making its way out.

Door with lift mechanism
