

## LAZY

Lazy is made of white acrylic and above all very comfortable. The bath has a sleek, low bath rim of two centimeters, small armrests and a back with a combined lying and sitting shape. At the foot end, extra space has been made to possibly stand in the bath. The drain control knob can be positioned at the foot end, left, right or center. The drain in the bottom of the bath is mounted in the same place.

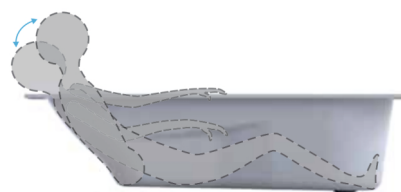

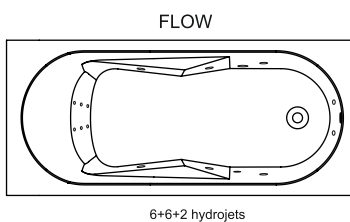

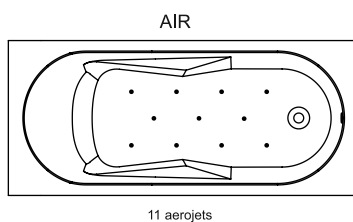

Riho acrylic bathtubs are made of high-quality acrylic, fully reinforced and all through white in colour. The acrylic baths are non-aging and UV resistant. The material is completely pore-free and smooth. Lime will adhere poorly so no bacteria remain. Therefore, the baths are easy to clean. The surface is pleasantly warm. Standard the bathtub does not include a legset and overflow/drain.
