

ANNA

This high-gloss white thermae bath has a modern, loft-like design and is ideal for two people side by side. It is the largest bath in the acrylic bath range of Riho. The overflow is so under the big -in the design integrated black headrest placed that the water height is at maximum. There is a pop-up in the bottom. The foot end is rather vertical, creating a generous bottom size. Thermae baths include touchscreen, heating function and cleaning system.

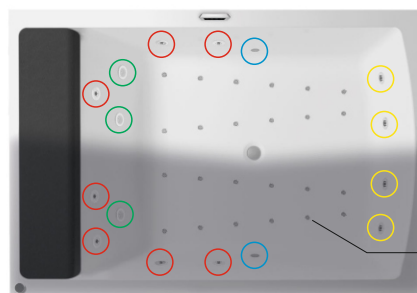

Riho acrylic baths are made of high-quality cast acrylic, fully reinforced and all through white in colour. Our acrylic baths are non-aging and UV resistant. The material is completely pore-free and smooth. Lime will adhere poorly so no bacteria remain, also it makes the baths easy to clean. Its surface is pleasantly warm. These Thermae-baths include a support frame and an overflow/drain combination.
