

SAVONA

This high-gloss white acrylic bath has a modern loft-like design and is ideal for two people side by side. It is also the largest bath in the range of Riho acrylic baths. The overflow is thus under the large black - integrated in the design headrest placed, that the water height is maximum. In the bottom there is a pop-up. The foot end is quite vertical, which creates a spacious bottom size.

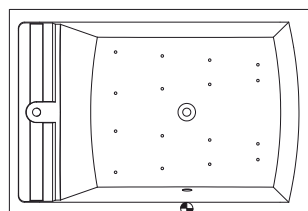

Riho acrylic baths are made of high-quality cast acrylic, fully reinforced and all through white in colour. Our acrylic baths are non-aging and UV resistant. The material is completely pore-free and smooth. Lime will adhere poorly so no bacteria remain, also it makes the baths easy to clean. Its surface is pleasantly warm. Standard the bath doesn't include a legset and overflow/drain.
