

DESIRE B2W

This high-gloss white or matt white double-walled oval-shaped bath is semi-detached. The bath is placed with the long side against the bathroom wall. The tight overflow opening can be equipped with Riho Fall, a system to fill the bath via the overflow opening. This makes a separate tab unnecessary. The bath is supplied complete with frame, siphon and pop-up, which allows for quick assembly. There is also a fully freestanding (Inspire) or corner version of this model available.

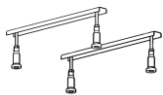

Riho acrylic baths are made of high-quality cast acrylic, fully reinforced and all through white in colour. Our acrylic baths are non-aging and UV resistant. The material is completely pore-free and smooth. Lime will adhere poorly so no bacteria remain, also it makes the baths easy to clean. Its surface is pleasantly warm. These double-sided baths standard include a legset and an overflow/drain overflow/drain combination.
