

LUGO

This bath is available in high-gloss white and some sizes also in matt white. Lugo has a tight lowrim of 1 cm. The bath is nicely designed with a symmetrical bath shape. The bottom of the bath is almost completely flat, which makes it possible to stand in this bath. The drain knob is located in the long side of the bath and the drain cap is in the middle of the bottom, against the long side. The bath is available in many sizes, which makes it suitable for almost any bathroom.

Riho acrylic bathtubs are made of high-quality acrylic, fully reinforced and all through white in colour. The acrylic baths are non-aging and UV resistant. The material is completely pore-free and smooth. Lime will adhere poorly so no bacteria remain. Therefore, the baths are easy to clean. The surface is pleasantly warm. Standard the bathtub does not include a legset and overflow/drain.
