

## VALOR

This matt white freestanding solid surface bathtub is a symmetrical bathtub with a beautiful, sleek, continuous bath wall. In the bottom is a pop-up in the same color as the bathtub itself. The bathtub has a lot of interior space despite the bathtub's modest exterior dimensions. The outside of the bathtub can be sprayed in a Sikkens or standard RAL color. A compact headrest has been designed for this bathtub, which contributes to the existing comfortable lying shape of this bathtub. This bath also has a semi-detached variant with the same sleek design.

Article nr.	Volume* (ltr)	Weight (kg)
B130001105	218	158

\* The contents of the baths are measured including the (average) volume of one person.
